

Specification Sheet

BM400

LASER COPY JET

PERMANENT

FACE:

A matt white woodfree machine finished paper, with good opacity and excellent absorption, plus superior toner-bonding characteristics. This product is designed for the manufacture of A4 sheets for use in laser printers, copiers and inkjet printers. The product is ideal for label applications using variable information such as address, instruction and inventory labels, labels for office use etc.

Thickness 72 micron $\pm 5\%$

Basic weight 64 gsm $\pm 5\%$

ADHESIVE:

A permanent modified acrylic aqueous dispersion. Specially designed for roll to sheet conversion, e.g. for copier and laser printer products. Combines reduced edge bleed with high cardboard adhesion. For this adhesive, we would recommend stripping of the sheets.

Initial Tack High

Final Adhesion High

Min. App.Temp 0°C

Temp Range -20°C to +80°C

UV Resistance Good

Complies with FDA 175.105 and BgVV XIV recommendations for direct contact with dry, moist and non fatty foodstuff.

LINER:

A lightweight woodfree, white kraft paper. For applications where good layflatness and dimensional stability are required. Suitable for converting rolls into sheets and for low medium laser printers

Thickness 60 mic

Basic Weight 55 gsm

SHELF LIFE:

2 years when stored at 22° C / 50% RH
